

(SK GOLDEN FILES - 9 ERRATA)

**NOTE:**

Being human you can allow me to make a few mistakes please. Guyton, Ganong, Snell's anatomy too has mistaken. To compile the papers and set the keys was just for you guys, I don't have a personal benefit neither was it a business for me. Now the corrections are made in errata and this is final. If you still think after this that there are some more mistakes please come with the reference and discuss that with me. I'll happily accept the mistake.
